MEMORANDUM OF UNDERSTANDING BETWEEN JAYASREE HIGHER SECONDARY SCHOOL, PULPALLY

This MoU is entered on 01.06.2022 and 01.06.2023 between CK RAGHAVAN MEMORIAL COLLEGE OF TEACHER EDUCATION, situated at PULPALLY, WAYANAD, Kerala, India and, JAYASREE HIGHER SECONDARY SCHOOL situated at PULPALLY, WAYANAD Kerala, India, which functions in the area of behavioural health, mental health, individual and social development that from hereinafter have intended, agreed and consented to the following terms and deeds in pursuance of common intent.

1. Field of cooperation:

Through this memorandum, both parties affirm the value of collaboration and agree to promote the following activities:

- a) Join activities for social and individual development
- b) Exchange volunteers
- c) Opportunities for students, faculty and staff devolvment and exchange
- d) Holding seminars, conferences and workshops
- e) Conduct various awareness programmes
- f) Internship for students
- g) Other activities which are mutually agreed
- h) Providing tuition for Tribal students
- i) Examination oriented help

2. Miscellaneous:

- a) The details for the efficacious implementation of this MoU shall be jointly worked out on mutually acceptable terms within the parameters of the policies, rules and regulations of both the institutions.
- b) The parties of this agreement may, by mutual consent, add, modify, delete, review or revise any term(S) and condition(S) of this agreement.
- c) The agreement shall remain in force for a period of one (1) year from the date of its signature and seal and may be terminated by either side by giving a months' notice to that effect in writing.

OZONE DAY CELEBRATION

Meeting the whole curiousness of Ozone Day celebration, We conducted a small Quiz Competition on behalf of the topic "Our Environment and its conversation".

As first stage of it, we distributed question paper with 20 questions in whole classes and the students with the highest scores, mostly two students from a class, was selected to the next phase.

And the final stage was conducted during the lunch break. We had already made some question. And for a support there were Bijeesha Teacher, Anjal Sir, and Sathi Teacher with us. As we divided them as HS and UP, as to meet up the suitable level of complexity, that time Julie teacher also came to support us.

And thus the competition was conducted with the winners were selected through a healthy competing. The winner of H.S section was _____ and of UP section was _____ and we gave them gifts too.

GANDHIJAYANTHI CELEBRATION

We celebrated the day joining with the Nature club of the school. We cleaned the school surroundings. The function was inaugurated by the Higher Secondary section Principal, Mr. Jayaraj Sir.

During cleaning, we always kept our airers closed as to make a plastic-free campus. We placed some waste bins and also some posters. We cleaned the way to school and the school area including garden, kitchen area, lab section etc.

By 12:30pm, the school was dispersed.

RECORDING

G.H.S. IRULATH

Nowadays, environmental education is an essential part of society. Bhoomitrasena club, an initiative of directorate of environment and climate change under department of environment and climate change serves this purpose. The aim of Bhoomitrasena club is to take up environmental protection activities and awareness extension activities in the vicinity of the college or school. The Bhoomitrasena club of CKRM college of Teacher education is aimed at encouraging teacher students and through them, the coming generations to appreciate the environment and to react positively to environmental issues. The club organized various activities in G.H.S. Irulath as a part of B.Ed internship like planting trees, cleaning the campus, preparing

a rose garden in front of the school, preparation of a small medicinal plantation, preparation of a student magazine by the theme of 'flood of 2018 and 19 in Kerala', maintenance of trees in the campus and cleaning the school pond. Also the club conducted a competition for the leavers and gifted the winner.

Bhoomitra sena club decided to plant trees in the school ground on 3rd October 2019. We planted trees like Mango trees, nutmeg tree, tamarind tree on the ground. We brought the trees from home and planted them on the ground by getting permission from the Headmaster. We arranged 7th c class students to water the plants daily. The leavers were happy to do that.

As the school campus was grassy and messy, we decided to clean it too. So, on 3rd of October 2019, we cleaned the school campus by the help of our students and also we cleaned the pool in front of the school.

Also we planted some flower plants in the campus. We prepared a rose garden in front of the school by the help of Mr. Sunny and our students as a part of the works from Bhoomitrasena club. And also we collected works from the students and prepared a students hand written Magazine on the topic, 'Flood in Kerala 2018-19'. It was another good experience for all of us. We did maintenance of the trees in the school campus by watering them and protecting them.

And finally, we prepared a medicinal plantation with 10 different medicinal plants in the school campus. They includes neem, ~~the~~ Basil, turmeric, ginger etc. We asked the 7th B class students to water the plantation daily.

We also conducted ~~the~~ a competition for the students of G. H. S. Trulath under the Bhoomitrasena club. It was a poster making competition for UP and High school students

Awareness class and rally for swachhata hi seva

25.09.2023

On September 25, 2023, a significant awareness event was organized at OHS Kulam, with the aim of instilling the importance of cleanliness and hygiene among the 9th grade students. This event was part of "Swachhata Hi Seva" campaign, which focuses on promoting cleanliness and sanitation across the nation. The day commenced with a 2 hour long awareness class, where students enlightened about the significance of cleanliness, proper waste disposal and the need of a hygiene environment. They were educated on how small steps taken in daily life can contribute to a cleaner and healthier community. The students were highly receptive and engaged actively in the discussions.

Following the awareness class, a quiz competition was conducted, providing an opportunity for the students to test their knowledge on sanitation and hygiene related topics. The quiz not only reinforced the lessons learned during the class but also sparked the competitive spirit among the students. The highlight of the event was the rally organized immediately after the quiz competition. The rally began from the school premises and continued through the streets of Kulam town. The students, carrying playcards and banners with

powerful slogans advocating for cleanliness and hygiene, attracted the attention of onlookers. The spirited participants chanted slogans, spreading awareness about the importance of cleanliness, making the event even more impactful. The rally returned to the school, having successfully conveyed the message of Swachhata Hai Seva to residents of Irulam. The students exhibited enthusiasm, unity and a strong commitment to a cleaner and healthier environment throughout the event.

Gandhi Jayanti Celebration

02.10.2023

On October 2nd, the students and staff of Government High School in Ikalam came together to celebrate Gandhi Jayanti, a day dedicated to honoring the legacy of Mahatma Gandhi, the father of the nation. The day was marked by a series of events that only paid homage to the greater leader but also promoted values and actions he stood for. The school day commenced at 10 am with a solemn morning assembly that was a poignant start to the day's proceedings. The assembly began with a heartfelt prayer that set the tone for the day's activities. Following the prayer, the students and staff recited the pledge, reiterating their commitment to the principles of truth and non violence, which were so integral to Mahatma Gandhi's philosophy. A significant moment during this assembly was the offering of flower at a photo of Mahatma Gandhi, symbolizing our deep respect and homage to the great leader.

Two prominent figures in our school community addressed the assembly, imparting their wisdom and sharing their thoughts on the significance of the gathering. Eng. Smijesh Sir, a respected member of the faculty specializing in social science and our HM both delivered

inspiring speeches that left an indelible impact on the students. Their words served as a reminder of the value that Gandhi exemplified and emphasized the need to incorporate them into our daily lives.

Krishnapriya, a student from class 9 B, delivered a thought-provoking speech that resonated with everyone present. Her words eloquently captured the essence of Gandhi's teaching and challenged each individual to reflect on how they could contribute to the better society. The assembly concluded by National Anthem. Following the assembly, we engaged in a collective effort to clean the school campus with particular focus on making it plastic free.

After break, we undertook the task of shifting all the equipment from the old science lab to the new one. This required proper planning and ensured that everything was cleaned and arranged properly.

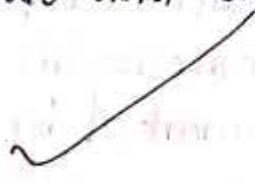

International girl child day

11.10.2023

On October 11, 2023, an inspiring celebration took place at Government High School, Kalam, to commemorate International Girl Child Day. The event was marked by various engaging activities, including a poster making competition and a water colouring competition aimed at raising awareness and promoting the rights and potential of girls. The poster making competition saw enthusiastic participation from students who used their artistic talents to depict themes related to gender equality, female empowerment and the importance of education to girls. The artworks were not only visually stunning but also carried powerful messages that resonated with the essence of the day.

In the water colour competition, students showcased their creativity by using vibrant colours to express beauty & aspiration of girl child. The event conveyed a platform for students to present the significance of equal opportunities and support for girls. The celebration was not only a showcase of talent but also a platform for discussion on the challenges faced by the girls globally. It emphasized the need for gender equality, access to education and empowerment of girls, not only on this special day but throughout the year.

The International girl-child day celebration at OHS Ikel-
am served as a reminder of the importance of investing
in girls future and ensuring a world where they can
thrive and reach their full potential.

Awareness class on drug abuse

26.10.2023

On the 26th of October 2023, a highly informative and engaging awareness class was conducted at Government High School (GHS Keulam), under the aegis of the teens club. The class was facilitated by Aksha, a diligent 9th standard student who also serves as the secretary of the teens club. Furthermore, the teens club coordinator & Senior teacher, Saritha played a pivotal role in organizing and conducting the class. This awareness class aimed to address and educate all students across different age groups including LP, UP and HS students. The holistic approach to inclusivity was paramount in ensuring that all students were exposed to valuable information and life skills.

This class commenced with a warm welcome by Aksha, who emphasized the importance of being well informed and protective member of the community. Aksha's role as a student leader provided a relatable touch, which resonated well with peers. She covered various essential topics during the session, such as drug abuse. Saritha teacher, as the coordinator of teens club, offered her expertise in guiding the class. She shared some information regarding drug abuse and its after effects.

The effort of Aksha, as the teens club secretary and Saritha teacher as the teens club coordinator, in imparting awareness on drug abuse among students are highly commendable.

20.10.2022

The effort of Aksha, as the teens club secretary and Saritha teacher as the teens club coordinator, in imparting awareness on drug abuse among students are highly commendable. The teens club secretary, Aksha, and the teens club coordinator, Saritha, have been instrumental in organizing various activities and programs to educate students about the dangers of drug abuse. They have conducted workshops, seminars, and awareness campaigns that have helped to reduce the incidence of drug use among students. Their efforts have been highly appreciated by the school authorities and the community at large. The teens club has also been successful in identifying and supporting students who are struggling with drug addiction. Through their guidance and support, many students have been able to overcome their addiction and lead a healthy and productive life. The teens club secretary and coordinator have also been instrumental in promoting a drug-free school environment. They have worked closely with the school management to implement strict policies and procedures that deter students from using drugs. Their dedication and hard work have made a significant difference in the lives of many students and have set a positive example for other schools to follow.

Children's day celebration

14.11.2023

On the 14th of November, Government High School (GHS), resonated with joy and exuberance as it celebrated the children's day with fervour and enthusiasm. The programme commenced with a serene prayer, setting a harmonious tone of the day. Headmistress extended a warm welcome to the gathered students, teachers and non-teaching staff, initiating the event with grace and hospitality.

Throughout the celebration, Sarisha, the senior teacher, along with the students from various classes delivered thoughtful and inspiring messages, underscoring the significance of this special day. Thamunsi Sabana, appointed as the prime minister of the students, delivered a beautiful and impactful message, inspiring others with her words of wisdom.

The spirit of the day was further enhanced by the charming attire donned by most of the LP students, resembling the iconic Chacha Nehru. The cultural events unfolded with students showcasing their talents through mesmerizing performances including songs, elocution, recitation and engaging in various games. A captivating cap-making session provided a creative outlet for students, fostering their artistic skills and imagination.

Acknowledging the efforts and talents displayed, prizes were awarded to the winners, encouraging and appreciating their participation and achievements. The celebration culminated on a sweet note as payasam, a traditional desert, was joyfully distributed among all attendees, symbolizing the unity and shared happiness of the day.

The event was resounding success, leaving an indelible mark on the hearts and minds of all participants, fostering a sense of belonging and jubilation among the students and staff alike.

Campus cleaning

02.10.2023 - 04.10.2023

In commemoration of Gandhi Jayanti, a celebration of the life and principles of Mahatma Gandhi, a two day campus cleaning and plastic free drive was organized at our school. This initiative aimed to not only pay homage to the Father of the Nation but also to instill the values of cleanliness and environmental consciousness among our students. The event took place on October 2nd and 4th, with active participation of entire school community.

Day 1 - October 2, 2023

On the 1st day of the initiative, which coincided with Gandhi Jayanti, the entire school came together in a spirit of unity and responsibility. The Nss, Ncc cadets played a pivotal role in coordinating and guiding activities. Their leadership was instrumental in ensuring the effectiveness of the event.

The school grounds, classrooms, corridors and common areas were thoroughly cleaned. The students showed remarkable enthusiasm and a sense of ownership in taking care of their school environment. Simultaneously, efforts were made to collect and segregate plastic waste from

the campus plastic waste is a significant environmental concern and addressing this issue was a central part of the initiative.

Day 2 - October 4, 2023

The momentum gained on the first day continued into the second day. The focus of the second day was to eliminate plastic usage within the school. An awareness campaign was launched, highlighting the harmful impact of plastic on the environment and the need for sustainable alternatives.

Students and staff actively participated in a plastic collection drive within the school premises. The collected plastic waste was later sent for proper disposal and recycling. Additionally, the school administration implemented a series of measures to reduce the use of plastic within the campus, such as encouraging plastic free cloth bags and reusable containers. The collective effort over these 2 days resulted in a cleaner and more environmentally conscious school campus.

Science laboratory shifting

10.10.2023

On 10.10.2023, the science laboratory at GHS Icdam underwent a significant transformation as it was successfully relocated to a newly constructed building. This momentous occasion marked a pivotal step forward in enhancing the educational facilities and opportunities for both students and teachers. The new science laboratory is a state of the art facility, meticulously designed to provide a conducive environment for scientific exploration and experimentation. It is equipped with modern tools and apparatus, ensuring that students have access to the latest advancements in science and technology. The spacious and well-lit rooms, along with designated areas of practical work, have created an engaging and inspiring learning environment.

The shift to the new building has also made it more convenient for students and staff to access the science laboratory, promoting greater efficiency in conducting experiments and studies. The school administration is committed to providing the best possible resources for our students and this relocation is a testament to that commitment. Overall, this move is a testament to the school's dedication to nurturing scientific curiosity and excellence in our students. Look forward to witnessing the positive impact of this new constructed science

laboratory on the academic growth and achievements of our students.

2002-01-01

On 10/10/02, the Science Laboratory of our school
has been a significant development in the school
and is intended to a wide range of subjects and
various courses. A special step forward in the
field of educational facilities and opportunities for both
students and teachers. The new Science Laboratory
is a highly equipped laboratory for all
the various experiments in chemistry, physics and
biology. It is equipped with all the necessary
facilities, including a laboratory, a library, a
computer, a television, a video camera, a
projector, a computer, a television, a video camera,

Science lab setting and arrangement

18.10.2023

In the newly constructed science laboratory at GHS Ikalam, meticulous planning and organization have been employed to ensure efficiency, safety and ease of access for both students and instructors. The lab setting is divided into 3 distinct sections, each dedicated to a specific scientific discipline; physics, chemistry and biology. This spatial division optimizes the utilization of resources and enhances the overall learning experiences.

Physics Section

In physics section of the lab is well organized with various apparatus and equipment, such as pendulums, optic tools and electronic devices, have been thoroughly arranged. The arrangement prioritizes ease of access and convenience during experiments. Key elements, like the optical bench, are placed near the windows to benefit from the natural light. The section's organization reflects a logical sequence of topics covered in the physics curriculum, making it easier for both students and teachers to locate the necessary materials.

Chemistry Sections

The chemistry section of the lab is well organized with chemicals arranged methodically. To enhance safety and efficiency, chemical are located and labelled and stored

in alphabetical order. This arrangement makes it straightforward for students to locate specific chemicals, reducing the chances of confusion or accidents during experiments. All containers are properly sealed and marked with their chemical names, molecular formulas and hazard symbols in accordance with safety regulations.

Biology Sections

The biology section is designed to cater to the specific needs of biology experiments and discussions. Microscopes, slides and specimens are neatly arranged on dedicated shelves. Larger equipment, such as microlomes and incubators, are strategically placed for ease of access without obstructing the working space. In this section, microscopes are aligned with ample counter space, ensuring students have an adequate work area for their practical work.

Overall, the newly constructed science laboratory at CHS Iulum is a model of efficient organisation and safety.
